

# SMART Board® 2000 Pro series

## Share freely

Anything you can show on a device, you can show on the SMART Board 2000 Pro series. This non-touch display is designed for businesses that need more than a screen. It enables colleagues to participate in meetings and presentations in ways TVs can't match.

Wireless  
screen-sharing for  
Android, iOS and  
Microsoft

4K Ultra HD resolution

75" display

SMART®

## Give everyone the chance to contribute.

Stronger ideas emerge when everyone shares their perspective. Wireless screen-sharing on the SMART Board 2000 Pro series makes it easy for colleagues to show whatever is on their iOS®, Android™ and Microsoft® devices. It's ready to go right out of the box – no apps, wires or extra hardware necessary. Even better, presentations and websites look amazing in crisp, 4K Ultra HD resolution.

### Key features

#### Wireless screen-sharing

Colleagues can show whatever is on their iOS (AirPlay), Android (Google Cast) and Microsoft (Miracast) devices, and laptops on the display with a few easy taps.

#### SMART Meeting Pro® software

SMART Meeting Pro gives you virtually endless room to write notes and add images to any brainstorming session within an Unbound Workspace. Your 2000 Pro series comes with 10 personal licenses of Meeting Pro.

#### More engagement

Teams who are engaged contribute more. The 2000 Pro series gives every team member a chance to share their ideas on the fly.

#### 4K Ultra HD resolution

Presentations. Videos. Web browsing. Brilliant 4K resolution ensures whatever you show on your 2000 Pro series looks its best.

#### Easy to afford

Sometimes you don't need an interactive display for your lessons. With the 2000 Pro series, you get wireless screen-sharing and 4K resolution on a 75" display at a great price.

SMART Board displays have received many safety, regulatory and environmental certifications, giving you peace of mind that the 2000 Pro series adheres to government or other regulatory requirements.
